

Global Health Catalyst Visiting Faculty and Co-mentored Research Fellow opportunities for collaboration

Description

The Global Oncology University and International Phytomedicine Institute collaboration initiatives invites applications for 10 Global Health Catalyst (GHC) visiting Faculty Fellowships/co-mentored Research fellowships beginning July 1, 2022. These fellowships are available to support outstanding faculty whose teaching and research focus is on global oncology and phytomedicines.

Fellows will be placed at different world-leading institutions including: Johns Hopkins University, University of Pennsylvania, Harvard University, Oxford University, and University of Heidelberg, where they will devote 4 – 12 weeks per year to conduct research with Faculty at these institutions in global oncology or phytomedicines.

Visiting Faculty: GHC visiting Faculty Applicants must hold a PhD, MD or equivalent degree at the time of application. Faculty Applicants must also hold a full-time college or university appointment at the time of application. Faculty Fellowships are open to full-time faculty at all ranks from low and middle income countries. Faculty Fellows will receive a stipend of \$4000 per month, and support for travel to and from the USA. Visiting Faculty are expected to make a contribution to research-based teaching during their stay at USA institution including via guest lectures, colloquia, workshops with graduate students and participation at Global Health Catalyst summits.

Visiting Co-mentored Research Fellows: Co-mentored research fellows must hold a Masters or higher degree (PhD or MD) or equivalent, and are expected to be co-mentored by a senior Faculty from their home institution. Fellows will participate in seminars, lectures, and conferences organized collaboratively by leading world institution faculty including presentations at the yearly Global Health Catalyst summits.

Application instructions:

Proposals may be submitted as one document online at ghcuniversity.org/c4. Proposals should be limited to two pages (11 pt. font size, 1.5 line spacing) and should be structured as follows:

- the candidates name for the Fellowship
- the candidate's home institution
- the time and duration of the Fellowship
- collaborative research area: global oncology or phytomedicine
- Up to 1 page statement of research interests
- Curriculum vitae of the candidate (not more than 5 pages)
- For Visiting Co-mentored Research Fellows ONLY, please include a letter of recommendation or support by a co-mentor from low and middle income country (LMIC)

Application deadline: February 15, 2022

The proposals will be evaluated and selected by a committee involving faculty from different USA institutions, Oxford University, and University of Heidelberg that are part of the Global Oncology University and International Phytomedicines Institute initiatives. Selected Candidates will be notified by end of February

Additional Requirements

Please Note: Most USA institutions where the fellow will go have a mandatory COVID-19 vaccination policy. All must be fully vaccinated with a COVID-19 vaccination or obtain approval for a medical or religious exemption prior to being onboarded.
